NEWNESS

# RISING SUN GUA SHA

Rising Sun Gua Sha is a device for a relaxing facial massage as well as assisting with penetration of skincare products through facial massage into the skin, whilst promoting circulation through gentle massage (ideally 3-5 minutes).

We always recommend being gentle and using light pressure to avoid any bruising on the face. This face sculpting tool is not just a modern day tool for skincare application, it has been used for centuries in Chinese medicine to promote skin health. Our Gua Sha is about self-care and wellness just as much as it is about kindness to the skin.

Our Rising Sun Gua Sha- Face Sculpting Tool should be handled with care. Dropping the tool from even a small distance can cause it to crack, break or become damaged. Due to the natural nature of this Brazilian sourced Jade, no two pieces are the same; small imperfections in the stone are part of its natural beauty and testament to its heritage.

# TEA TIME BABY – COCOMOJITO

Back to our roots with our TEA TIME BABY limited release.

Our BATH TEAS and COCO SOAKS were the first of our SALT BY HENDRIX releases and after so many requests from our BABES to bring back our BATH TEAS, here they are with a babe-a-licious twist combining two of our original and best-selling bath ritual favourites.

Now in biodegradable bags from plant materials, these TEA TIME BABY bundles of goodness are full of botanicals bliss to nourish your skin. Take some time for yourself to replenish your skin and your soul in as little as 5 minutes, or for as long as you care to enjoy!

Directions: Add to a warm bath, swish your bath tea gently around (please do not open contents from the tea bag) and the contents will dissolve in the warm water (just like a fancy cup of tea). Remove tea bag from bath prior to releasing the water. Hydrate post bath with our best-selling BODY OIL.

In cooler conditions the bath tea contents can solidify. These will dissolve as usual when added to a warm, running bath. Store in dry conditions.

# GLOW DUST - MASSAGE TOOLS - PINK AMETHYST

Who are these coolest babes on the block?

Two fancy, round glass beauty tools. A little bit of fairy dust, and a whole lot of self care. These magical beauty tools provide a crazy cool, uber-extra massage to the face and neck. Pop them in the fridge for an instant cooling effect to massage in your serums, creams and oils. Oh, and feeling a little puffy, these BFF's love to come out and play.

## Some COOL GIRL rules.

Like most cool girls, these babes need you to follow some strict rules to ensure you keep the gang together and be the BFF that they know they can be.

- They love the fridge.
- Never place/keep/house in the freezer. These babes are made from glass.
- Dropping them, even from the smallest height may cause them to break. If broken or cracked, never, ever use them – sadly they need to be discarded immediately.
- Always be gentle. These babes are cool as a cucumber, but they work best with gentle pressure.
